MICRO-USB CHARGING PORT

If wireless charging is not an option the speaker can be charged using the provided micro-USB charging cable.

IPX7 WATERPROOF RATING

IPX7 provides protection against immersion in water between 6in - 3ft deep for 30 minutes.

WIRELESSLY RECHARGABLE

Speaker can be charged wirelessly with any wireless charger (not included).

PREMIUM PACKAGING

High Sierra® Kodiak

IPX7 Outdoor Bluetooth Speaker

No matter the location you can count on the High Sierra® Kodiak IPX7 Outdoor Bluetooth Speaker to deliver. With an IPX7 waterproof rating and packing over 12 hours of playback time at max volume no journey is too much for the High Sierra® Kodiak IPX7 Outdoor Bluetooth Speaker.

How It Works:

Having an IPX7 Waterproof rating means the Kodiak can be submerged under three feet of water for up to 30 minutes without any damage occurring to the speaker. So you have nothing to worry about if you leave the Kodiak in a rain storm or it falls out of your canoe floating down the river. Built to handle any condition, the Kodiak will keep the music playing for up to 12 hours at max volume. With stereo sound and 6 watts of output the Kodiak will be heard by anyone passing through. Once your adventure is over the Kodiak can be charged on a wireless charging pad or through the provided micro usb cable. Be heard and be seen with the High Sierra® Kodiak IPX7 Outdoor Bluetooth Speaker.
