

AUTO PAIRING TRUE WIRELESS EARBUDS

No Wires. No Syncing. No Hassle.

Automatic pairing makes True Wireless Earbuds even easier to use - just remove the earbuds from the case and they'll sync automatically, just like Apple® AirPods®. Next, create a connection with your Bluetooth® phone or speaker by selecting the pairing name. After the initial pairing, your earbuds will connect with your phone or speaker automatically.

We've got three pairs of auto-pairing earbuds to pick from, starting at \$19.98 U.S. / \$26.70 CDN.
