

NEW! Digital Direct To Garment

A Better Way To Brand Apparel

Showcase your branding on tees, hoodies and other cotton-fleece styles with Digital Direct To Garment. Providing premium retail quality, the digital-printing technology produces vibrant colors, photo-realistic images and a softer, more natural feel.

Better look. Better feel. Better for your brand.

Superior To Screen Printing

- + CMYK process delivers vibrant, accurate reproduction of about 400,000 colors.
- + Get a retail look with photo-realistic images and intricate, detailed designs.
- + Digital Direct To Garment has a soft, natural feel - not hard and scratchy.

Long-Lasting Branding

- + Specially formulated textile inks resist degradation from chemicals often found in laundry detergent.
- + Withstands scrapes from zippers and buttons.

Better For The Planet

- + Water-based inks are OE KO-TEX® and CPSIA-compliant, meeting independent standards for sustainability and safety.
- + Uses 80% less ink than screen printing, with no ink wasted, and requires no water - or chemicals - for cleaning between print runs.
- + Reduces overproduction - no setup pieces or material waste.
