

PCNA Earns EcoVadis Silver Sustainability Rating

PCNA has been awarded a Silver medal for its sustainability performance from EcoVadis, the world's largest provider of business sustainability ratings.

What is EcoVadis?

EcoVadis is one of the most trusted providers of business sustainability ratings worldwide, making it the optimal independent group to award PCNA's impact. Its survey takes a precise view of sustainability initiatives through four categories: Environment, Labor & Human Rights, Ethics, and Sustainable Procurement. EcoVadis requires detailed documentation and proof for all criteria.

The EcoVadis sustainability assessment evaluates how well a company has integrated the principles of sustainability and Corporate Social Responsibility (CSR) into its business and management system.

Why Does this Matter to PCNA?

- Third-party certifications like EcoVadis are important tools for verifying the claims businesses make about environmental and social impacts of their products.
- This type of business action is critical to avoid catastrophic climate change.

PCNA Award Highlights

- PCNA is committed to transparency in our supply chain and set a target of 100% traceability to Tier 1 suppliers.
- PCNA is improving our environmental impact by increasing the share of total sales from Eco-Smart products.
