

Efficient, Effective, *Easy*

GIVEE: SIMPLYFING GIFTING FROM START TO FINISH

We know your plate is more than full when in event planning mode. And attendee gift giving? It's a project in and of itself!

But what if it wasn't?

Givee simplifies the gifting experience, allowing attendees to choose and even personalize their own gift — instead of you trying to figure out what they want, how many to order, and where you'll store all that excess inventory.

Ready to begin *your* journey with Givee? ✨

Contact your rep to get started.

It's a *better gifting experience* for you and your gift recipients, from start to finish:

Goodbye, Guesstimation

Forget trying to predict what event attendees will want for gifts! Let them choose instead! Fill your storefront with your favorite selections from our curated product catalog — then, sit back, and let us handle the rest!

No More Unwanted Swag

Unsustainable, undesirable swag is out. And excess inventory? Nobody has time for that either. Gifts are printed when your attendees order them, not before. That means no unused inventory, and no gifts left behind or sent to the landfill.

Schedule Delivery for the Biggest Impact

You can count on delivery of your gifts when it matters most — whether that's as soon as attendees place their orders or as a post-event follow-up. It's all up to you.

Brand Awareness That Lasts

When attendees choose and personalize their own gifts, they're more likely to keep them. More importantly, they're more likely to use them. And that means your logo will be smiling back at them often, keeping your brand top-of-mind.

Customized & Personalized

We'll customize your storefront with your logo, colors and brand while you select the gifts you'd like to offer. Then, share your storefront with your attendees, and let them pick their favorite gift. When you include products from our print-on-demand assortment, giftees even get the chance to make it their own through personalization.

*Personalized ✨
by your attendees*
