

VITRUVI

Beautiful, natural AIR care.

The Vitruvi Difference

Vitruvi is leading a movement towards a future where clean air care is the standard. Fueled by a passion for well-being, their mission is to bring safe home scenting and air care into every home. They formulate, educate, and advocate for clean air, crafting products that are as effective as they are safe.

All-Natural

All Vitruvi scents are 100% natural, vegan, pure, and cruelty-free. They are also free from synthetic fragrances, mineral oil, parabens, and phthalates.

Design-Forward

Vitruvi believes that good design can't just be seen—it can be felt. So they obsess over the details, creating dynamic and unique products that are built to last.

Immersive

All Vitruvi's natural scents are sourced and blended to transform your home through a unique, immersive sensory experience.
