

ONIX is the leading manufacturer of performance pickleball paddles, balls, and accessories—equipping players with technologically advanced equipment that is PROVEN to make the sport faster, more precise, and more strategic.

PLAY YOUR BEST

ONIX's commitment to the game is a promise to create the most technologically advanced equipment that makes both players and the sport better. They are constant, dependable, and work hard so you can play hard.

INNOVATION

ONIX never stops researching, developing, and engineering the highest performing gear that brings home both hardware and pride. By talking and listening to their athletes, ONIX creates paddles for players, by players.

TECHNOLOGY

The secret to giving players the advantage is in ONIX's engineering. That's why they're devoted to ensuring everyone has the best paddle and ball for their game.
