

HidrateSpark®

Smart Drinkwear.

Built For Employee Wellness.

For over a decade, HidrateSpark has redefined hydration through smart technology that builds healthier habits. Our Bluetooth®-enabled bottles & tumblers sync with the free HidrateSpark App to track water intake and send glowing reminders to drink, helping employees stay hydrated, focused, and energized. Every glow draws attention to your company's logo while promoting daily well-being and lasting brand visibility through sleek design, precision sensors, and seamless integration with Apple Health, Fitbit, and more.

What makes it smart?

Drink Reminder.

A 360-degree glow, sounds, and app alerts keep hydration top of mind. Choose your color, sound, frequency, and schedule to stay on track.

Drink Tracker.

Patented SipSense technology tracks every sip in real time. Bluetooth syncing ensures each sip is recorded in the HidrateSpark App.

Drink Finder.

Never lose your bottle. Built-in Apple Find My® helps you locate it in seconds.
