## Everyday Choices Make a Real Impact

When you choose FEED, you invest in a child's future. FEED believes these daily choices have the power to build a more just, well-fed, and nourished world.

FEED is a lifestyle brand founded on the belief that food is a universal human right. The brand is dedicated to doing business differently — everything they make and how they operate aims to end childhood hunger and improve our world.

**FEED bags have given 128 million+ meals to children around the globe**

Every FEED product provides school meals to children—sometimes their only meal that day. Every purchase supports FEED's on-the-ground partners working to alleviate hunger crises and chronic malnutrition in communities around the world.

**FEED products are environmentally minded and made to last**

Durable and classic, FEED bags are designed to be kept in rotation and out of landfills. The brand deliberately chooses the materials, the artisans they work with, and the packaging they ship in to leave a minimal footprint — and make a positive impact.

We believe  
that food is  
a universal  
human right.

Since 2007, FEED has helped provide over 125 million school meals (and counting) through our giving partners. These free school meals nourish kids and encourage them to go to school and stay in school longer. With a full belly and an education, children thrive.
