NEW GENERATION

Ember Mug 3

1600-63 - 10 oz · As low as \$194.91

1600-64 - 14 oz · As low as \$224.95

The mug you know and love is now even better. Set your temperature directly on the mug or in the Ember app, enjoy every sip at the perfect temperature, then place it in the dishwasher when you're done.

All-new features

01

On-mug temperature control

Set it with the button on the mug, or fine-tune it in the optional app. New indicator lights show the temperature setting you chose.

02

Sliding lid included

A \$14.95 value in every box. The lid holds heat in, so a single charge keeps your drink warm for over three hours.

03

Top-rack dishwasher safe

Place it on the top rack, then let it dry fully before charging.

Colorways

Black

White

Sandstone

Salt Blue

○ Ringed colors also available in 10 oz. All four available in 14 oz.

3+ hrs

Warm, with the included lid

All day

On the charging coaster

Lifetime

Coaster warranty · 1 yr on the mug

Inside Ember

Ember builds temperature-control drinkware. A heater and precision sensors inside the mug hold your drink at your chosen drinking temperature, LEDs show the temperature setting and battery level while charging, and auto sleep powers the mug down when it is empty or idle.

IN THE BOX

Mug · Sliding lid · Coaster · Cable

MATERIAL

Stainless steel, ceramic-coated

DECORATION

Laser engraving
